

Model No. : AR-DH3-3P-AXX

Product Name : THREE-CORE THROUGH HOLE CONNECTOR

Product application :

- Mainly used in electric car battery boxes, motor drives

Characteristic

- Simple installation, reliable connection and easy disassembly
- Use plastic case, low cost and high output

Electrical Performance

- Rated voltage : 1000V DC
- Rated current : 200A (Max)
- Insulation resistance : >500MΩ
- Terminal temperature rise : ≤50K
- Withstand Voltage : 3000V AC
- Shielding effectiveness : 360° shielding

Environmental performance

- Operating temperature : -40℃ ~ +125℃
- Protection class : IP67

Mechanical properties

- Wiring range : 25mm²-50mm²
- Crimp method : Hexagonal cold crimp
- Installation method : Screw lock

Model selection table

Key position / Wire diameter	A	Current specification
50MM ²	DH3-3P-A50	200A
35MM ²	DH3-3P-A35	150A
25MM ²	DH3-3P-A25	120A
